

Benefits of CAC Accreditation

Building stronger programs and communities across Canada

Governance & Risk

- **Clear Policies**
Increases your stakeholders' confidence that your organization's policies are sound
- **Documented Standards**
Proves that your organization meets or exceeds industry standards
- **Risk Reduction**
Establishes systems that help you refine your programs to maximize impact and minimize risk

Trust & Credibility

- **Stakeholder Trust**
Indicates to clients, stakeholders, and the industry at large that you are an authority in your field.
- **Networking**
Provides the opportunity to network with other industry leaders

Quality of Care

- **Client-Centred Care**
Helps your organization shift from crisis-management to more managed care
- **Equitable Services**
Provides a guarantee to your clients that they will be getting the best possible programs and services from your organization

Organizational Strength

- **Staff Accountability**
Gives your staff a greater understanding of the purpose and value of their work and contributions to the organization
- **Informed Decisions**
Gives you more confidence in applying for grants and more opportunities to pursue public funding
- **Continuous Improvement**
Gives your organization a solid framework for long-term success
